Create a webpage in a file called index.html about one of your favorite musicians, similar to the example below.

Depeche Mode Fan Webpage

Depeche Mode is an English electronic band that formed in 1980. The band members are currently Dave Gahan, Martin Gore, and Andy Fletcher.

Visit the official website or a Wikipedia article about the band.

Fan web page by Anonymous

Use the following HTML containers:

- `<header>` with `<h1>` tags that contain the musician's name
- `<main>` with 2 paragraphs:
  - 1st paragraph gives some background information
  - 2nd paragraph links to at least one website about the musician
- `<footer>` that names the webpage's creator
